**Subject:** Reconsider your decision to remove Uber

I am a disabled resident living in Charleston. I rely on Uber to take me to my many appointments. Because of my health, I am unable to drive. Relying on friends and families to take me to my many Drs. added more stress to my already stressful life. Each Uber ride was with a respectable driver and car. The ease of the Uber application only added to my decision to use their service. Texting me with the name and and license plate of the driver. Knowing where they were and how long it would take for them to arrive to my house allowed me to schedule properly each appointment time. I ask that you reconsider and remove the cease and diciest order placed on this vital service in my life.

You may contact me here 8 Wappoo Creek Place

**Subject:** Uber Cease and Desist Order is Illegitimate

Dear South Carolina Public Service Commission,

Please drop the cease and desist order against Uber. In my experience, this company has done a much better job providing transportation services than cab services in South Carolina have ever been able to. As far as I have seen, Uber does a reasonable job of picking people up and getting them where they need to go in a reasonable amount of time — in contrast, taxicab services in South Carolina have been extremely subpar, taking unacceptable amounts of time before pickups are possible. We live in a capitalist nation; we should allow consumers to decide which services they would like to purchase.

Sincerely,  
John-Gabriel Licht
